

Grace Bible Church Youth Group Goals

1. Read the Bible more and understand God's Word better.

By: Personal Bible reading and study, and paying better attention to lessons and sermons and asking questions.

2. Share Christ with others more consistently.

By: Being more confident in God's Word and not only living a life that is intentional and different, but sharing why there is the difference... Jesus Christ!

3. Have a testimony at events outside youth group.

By: Desiring not to only have fun at events but to be purposeful to show the difference Christ makes in our lives and demonstrate that we can have fun and serve Christ at the same time.

4. Make guests feel welcome by exhibiting Christ love.

By: Genuinely wanting to get to know new people in order to minister to them and bring them into the family of God. We need to talk with them and include them.

5. Be involved with our church outside of youth group.

By: Being willing to do things that are not youth group related but allow us to interact with the adults, our church plants, and our community in areas of service, ministry, and Bible study.
